PREFACE

This bulletin is a presentation of State and County crop statistics for the years 1976 through 1980 & State livestock statistics for January 1, 1976 through January 1, 1981. The 1976-1979 estimates include revisions made on the basis of the 1978 United States Census of Agriculture and other information sources which became available after the preliminary estimates were prepared. The 1980-81 data are subject to revision following the next United States Census of Agriculture. If revised data for earlier years are desired, refer to "Historic Estimates 1970-75" and "Historic Estimates 1965-1970."

Acknowledgment is given to the many South Dakota farmers, ranchers and merchants, as well as numerous commercial, educational and governmental agencies who voluntarily reported the essential and basic information for making these estimates.

Collection, compiling, and publication of these data was performed by the staff of the South Dakota Crop and Livestock Reporting Service. Appreciation is expressed to Sandy Anderson who served as editor of the bulletin. Funds for preparing and printing this publication were provided by the South Dakota State Department of Agriculture.
